

The Town and Country Planning Act 1990
Approval of Householder Planning Permission with Conditions
Application Reference Number: PL/2026/00504
Decision Date: 02/03/2026

Applicant:	Rufus Diffey The White House, High Street, Berwick St James, Salisbury, SP3 4TL
Particulars of Development:	Single storey rear and side extension with new chimney and associated works
At:	The White House, High Street, Berwick St James, Salisbury, SP3 4TL

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Application form received 26/01/2026

Location plan received 26/01/2026

Construction method statement received 26/01/2026

Proposed elevations Drg no TWH2 08EP received 30/01/2026

Proposed block plan Drg no TWH204BP received 30/01/2026

Proposed floor plans TWH206FPP Rev A received 30/01/2026

REASON: For the avoidance of doubt and in the interests of proper planning.

- 3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in material, colour and texture those detailed within the approved application form and plans.

REASON: In the interests of visual amenity and the character and appearance of the area.

- 4 The flat roof area of the development hereby permitted shall not be used as a balcony, roof garden or similar amenity area.

REASON: In the interests of residential amenity and privacy

- 5 The development will be carried out in strict accordance with the following documents:

- Bat Survey Report by Daniel Ahern Ecology dated 28th March 2025

The development hereby approved shall not be occupied or used until the mitigation measures specified under section 4.2 of the above report have been carried out. The mitigation measures shall remain for the lifetime of the development.

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

- 6** No works including demolition or site clearance shall commence until the protective barriers as detailed with the approved construction method statement and shown on the associated site plan Drg no Drg no TWH204BP have been erected in accordance with the agreed details. The protective barriers shall remain in the agreed location until the proposed development has been completed and all materials and equipment have been removed from site.

The development shall not be carried out otherwise than in accordance with the approved construction method statement without the prior written permission of the Local Planning Authority.

REASON: To minimise detrimental effects to the natural environment which includes the River Avon SAC through the risks of pollution during the construction phase.

- 7** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or reenacting or amending that Order with or without modification), there shall be no additions/extensions or external alterations to any building forming part of the development hereby permitted.

REASON: In the interests of the amenity, character and appearance of the area and to enable the Local Planning Authority to consider individually whether planning permission should be granted for additions/extensions or external alterations.

- 8** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or reenacting or amending that Order with or without modification), no windows, doors or other form of openings other than those shown on the approved plans, shall be inserted in the south elevation of the development hereby permitted.

REASON: In the interests of residential amenity and privacy

- 9** The extension hereby permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the main dwelling, known as The White House and it shall remain within the same planning unit as the main dwelling.

REASON: The additional accommodation is sited in a position where the Local Planning Authority, having regard to the reasonable standards of residential amenity, access, and planning policies pertaining to the area, would not permit a wholly separate dwelling.

Informative

- 1** The applicant is requested to note that this permission does not affect any private property rights and therefore, does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowners consent before such works commence. If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.

Informative

- 2** Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.

Informative

- 3** The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Habitats Regulations (2010) it is an offence to disturb or harm any protected species, or to damage or disturb their habitat or resting place. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a license from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

Informative

- 4** The adults, young, eggs and nests of all species of birds are protected by the Wildlife and Countryside Act 1981 (as amended) while they are breeding. Please be advised that works should not take place that will harm nesting birds from March to August inclusive. All British birds, their nests and eggs are protected under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests

and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August, but some species are known to breed outside these limits.

Informative

- 5** BNG not required -The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. For further information on exempt developments please refer to:

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements is considered to apply.

Nic Thomas - Director of Planning, Economy and Regeneration

NOTES

- 1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.
 - 1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**
 - 1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);
 - 1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;
 - 1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).
- 2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - <http://www.planningportal.gov.uk/planning/appeals>).
- 3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
- 4 **General Informative for Householder Planning Permissions** Please note: The following informative combines a number of standard notes commonly applied to householder planning permissions. Not all of the points listed below will be relevant to your specific proposal.
- 5 **Biodiversity Net Gain (BNG) Not Required** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:
 - (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
 - (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the

biodiversity gain condition does not always apply. For further information on exempt developments please refer to:

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements is considered to apply.

- 6 **Wildlife and Countryside Act.** The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Habitats Regulations (2010) it is an offence to disturb or harm any protected species, or to damage or disturb their habitat or resting place. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.
- 7 **Permission Not Authorising Work on Land Outside the Applicant's Control & Party Wall Act.** The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowner's consent before such works commence.

If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.
- 8 **Works to Highway – Consent Required by Highway Authority.** The consent hereby granted shall not be construed as authority to carry out works on the highway. The applicant is advised that a license may be required from Wiltshire's Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the highway.
- 9 **Material Samples.** Please note that if material samples are required to be submitted to the Council for agreement, the Council do not have the facility to receive or store physical samples. Instead you are encouraged to provide full manufacturer details and name/colour of the proposed sample along with a weblink and/or a photograph of the sample material. The case officer will advise if anything else is required to satisfy this condition during the discharge of condition phase.
- 10 **Building Regulations.** Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.
- 11 **Structures Near Public Sewers.** The applicant should note that the grant of planning permission does not include any separate permission which may be needed to erect a structure in the vicinity of a public sewer. Such permission should be sought direct from Thames Water Utilities Ltd / Wessex Water Services Ltd. Buildings are not normally allowed within 3.0 metres of a Public Sewer although this may vary depending on the size, depth, strategic importance, available access and the ground conditions appertaining to the sewer in question.
