Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The proposal is to replace the existing white metal frames with single-glazed windows with new white double-glazed UPVC units to improve the building’s thermal efficiency and visual appearance. All new windows will match the existing design, including the window bars and the locations of any fixed extract ventilation. All replacement windows will also be fitted with trickle vents.

The new units will replicate the existing window proportions, function and layout while utilising modern profiles to enhance insulation and reduce heat loss. No changes are proposed to the existing stone sills, surrounding stone façade or brickwork, which will remain unaltered.

No change of use is proposed.

Has the work or change of use already started?

- ☐ Yes
- ☒ No

Existing Use

Please describe the current use of the site

The existing building operates as a Royal Mail Delivery Office, functioning as a local postal sorting and distribution facility. It provides dedicated operational space for the handling and delivery of mail and parcels serving the surrounding area.

The Calne Delivery Office is a Royal Mail Group leased property. The ground floor accommodates the main sorting office, staff facilities, and a customer service point. An adjoining unit on the southeast side of the building is occupied by a charity shop tenant. To the south of the site is an operational yard and garage, accessed via The Square. The first floor contains office space, WCs, and a breakout area, with the adjoining owner occupying the southeast area.

Is the site currently vacant?

- ☐ Yes
- ☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
- ☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
- ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
- ☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:
Windows

Existing materials and finishes:
The existing windows consist of white, metal-framed single-glazed units set on stone sills. Most of he ground-floor windows are fixed, while the first-floor units are all openable casement windows. Several windows incorporate extract ventilation within the glazing, while others feature traditional window bars.

Proposed materials and finishes:
The proposal includes to replace the existing white metal framed Crittall single glazed units with new white U-PVC double glazed window units to improve the building's overall thermal efficiency and to reduce the risk of condensation. The proposed window units will match the existing width, height, window bar arrangement and casements. The proposed windows within the ground-floor sorting hall and first floor male WC will be fixed. The staircase windows and the remaining first-floor windows will be fitted with side hung, openable casements. Existing extract fans are to be reinstated through the new glazing. Frosted glazing is to be installed to the ground-floor male WC and cleaner's store. All windows will have trickle ventilation incorporated within the units. The new windows will broadly match the existing layout and proportions but will utilise modern profiles to provide enhanced insulation, reduced heat loss, and improved internal comfort levels. No works are intended to alter the existing stone sills, as the stone façade itself will remain unchanged.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

☒ Yes

☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

Existing biodiversity unit of 0. The proposed development is below the de minimis threshold because the site is currently almost entirely concrete or tarmac hard standing, which is assigned a zero score in the statutory biodiversity metric. Proposals include the replacement of windows. Detailed plans showing the extents of the proposed works are to be submitted with this application.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☒ No
☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes
☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- ☐ Yes
☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

- ☐ Yes
☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

- ☐ Yes
☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent
☐ The applicant
☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☐ Yes
☒ No

Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- ☒ Yes
☐ No

Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- ☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural tenant" has the meaning given in section 65(8) of the Town and Country Planning Act 1990
