You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear Nina,

[REDACTED]

1. The site is next to a nature reserve and in the red zone of the Bat Mitigation Policy;
2. The site is not in agricultural use, it is equestrian. In their own planning application, 21/01043/FUL, the owners state that this field is a horse grazing field with a stable building.

You should thus deny the notification and insist on a full planning application.

Yours sincerely

Robert Leonard
