Subject: Urgent: Unsafe Condition of Wall

Dear Mr & Mrs Spencer jones,

I am writing to repeat my concerns about the old listed wall that borders your property and my garden, as I had no reply from you to the letter I wrote and delivered in July 2025.

Unfortunately, the wall is now in a serious deteriorating state and sections are very unstable with large piles of collapsed walling on my side

As it is leaning and crumbling in large places, it poses a serious safety risk to me and anyone who may walk into the area. Given that the wall forms part of your property and is listed, I thought it best to reiterate this issue as a matter of urgency.

You implied last year that it was your intention to have the wall repaired this year 2025, would you be able to confirm what steps you intend to take to address the situation? In the near future

Yours sincerely

Margaret Rose
