12th March 2026

Dear Sir/Madam

TOWN AND COUNTY PLANNING ACT 1990 (as amended)
APPROVAL OF DETAILS RESERVED BY CONDITION

Application No:	PL/2026/00492
Proposal:	Discharge of condition 28 of PL/2022/06298 (Archaeological investigations)
Site Address:	Chicklade Service Station, Chicklade, SP3 5ST
On Behalf Of:	InstaVolt Ltd 6 Cedarwood, Crockford Lane, Chineham, Basingstoke, RG24 8WD

I refer to your application for the discharge of condition(s) attached to the above planning permission dated 26 January 2026. After careful consideration, the following decision has been made:

Condition(s) submitted for consideration:

I can confirm that the details submitted satisfy the following condition(s) of the above planning decision, as follows:

Condition 28 – Archaeology

I can confirm that the archaeological information that is identified within the Archaeological Evaluation Report (Ref: R18210, Pre-Construct Archaeology, December 2025), which was received 26th January 2026, is acceptable and satisfies the requirements of this condition. It is noted that the exploratory investigation did not identify any buried remains, bar one undated ditch, possibly part of the ancient field system identified from aerial photographs on the chalk downland surrounding the Service Station. No further archaeological work is therefore required.

Please note that in accordance with national planning guidance, discharge of condition applications are procedural in nature and do not require public consultation. While third-party representations may occasionally be received, they are not formally invited and do not form part of the statutory decision-making process. The assessment of this application has been based solely on whether the submitted details satisfy the requirements of the relevant planning condition(s).

This letter acts as official confirmation and therefore I suggest that you attach it to the decision notice as evidence that you have complied with the requirements of the relevant condition(s).

Yours faithfully

Head of Development Management
