Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Installation of an Electric Vehicle (EV) Charging Point. I have recently purchased an EV and wish to have a 7KwH charge point installed, via my provider (Scottish Power). The point will be located at the back of the property, adjacent to the driveway and next to the back door (where there is an existing external power socket that provides power to the flood defence pumps). The house is Grade II listed, although the works would be conducted on the newer (1980s) extension, which has modern brick walls and not cob, like the main structure.
