Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

This application proposes the replacement of the existing bedroom Velux rooflights on the north west elevation with two appropriately scaled dormer windows. This elevation forms the principal approach to the farmstead, and the addition of dormers will significantly improve the visual quality of the building, enhancing its rural character while maintaining full compliance with the overall design intent of the barn conversion. The other minor change is that the flue is being moved to be internal up through the building.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

- The drawings referenced need to be changed to reflect the new drawings
- 1278/101B Proposed Plans and Elevations → revised to 1278/101C
 - 1278/103C Proposed Block Plan → revised to 1278/103D
