

Description:

The existing casement is a mixture of crude wooden frame with an extract fan and direct glazing into brick and stonework.

Schedule of works

A new, fixed casement, complete with a trickle vent in the head to be constructed from Accoya wood. The finish to be primer and 3 coats of off-white, oil based paint - such as Zinser.

Glass to be single glazed, cylinder glass set in glaziers mastic and retained with a moulded bead.
