Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposal is for the demolition of the existing rear projection and the erection of a single-storey rear extension to the dwellinghouse, in the position and to the dimensions shown on the submitted plans. No new or altered vehicular access is proposed, no new street layout is required, and no new hardstanding or means of enclosure are proposed. Surface water from the extension will discharge via new rainwater goods to a soakaway (new or existing as indicated), and foul drainage will connect to the existing SVP and onwards to the existing sewer, with a new inspection chamber provided as shown on the drawings.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
- ☒ No

Has the proposal been started?

- ☐ Yes
- ☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The application site is an existing single dwellinghouse in lawful residential use (Use Class C3). The existing dwelling and its residential use are established and lawful, and the works proposed are to extend/alter the existing dwellinghouse only.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed single-storey rear extension and associated minor works are considered lawful as permitted development under Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). The proposal remains incidental to the use of the property as a dwellinghouse (Use Class C3) and has been designed to comply with the relevant limitations and conditions of Class A, as demonstrated on the submitted plans.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
