

I do not have enough Planning knowledge to be able to object to the above Planning Application except to say that, in my opinion, the Site is already over developed due to an earlier

Ground floor extension, plus the Annexe in garden and a huge unsightly shed at front of property.

I would like the following to be taken into consideration however when decisions are made.:

1. The Annexe which caused excessive noise and dust whilst it was being erected over several years was supposed to be used for family members to live in as part of the main residence but has never been used , to my knowledge, for this purpose and is now used as an Airbnb.
2. The building of the Annexe was done as a DIY project with screaming saws and dust and noise every evening and weekend for several years. [REDACTED] despite pleas for some consideration nothing changed [REDACTED] The same applied for an elderly lady in Buryfield Lane and for both residents in No 4 Church Place . It was stressful for so many people .
3. Despite refusal of permission by the owner of land at the rear of the property the Applicant cut out the hedge and erected a gateway to the property with stone steps being built into a ditch .
4. I am at a loss to understand why any further extensions are necessary unless is it to create more letting rooms.
5. I am unable to articulate the hell that was caused by the projects in the garden of No 3 as it was going on for several years prior to Planning being granted for the Annexe as the owner built a huge shed which he later knocked down to use the footprint for the Annexe.
6. [REDACTED] and dread the thought that my last time here will be blighted by further horrendous noise that will be created if the Planning is allowed to go ahead.

Thank you for taking the time to read this and I plead, with respect, that my comments and observations will be considered.

Yours faithfully

Wendy Jones
