1.0 Introduction

This brief Statement has been prepared to support a variation of condition application to allow for minor alterations to the approval 15/01419/FUL, Single Storey Rear Extension, Replacement Attached Garage and Alterations to Roof Including Dormers to Form First Floor Accommodation.

Approved drawing number A453-P01 will be replaced with A453-P01b to show the revised scheme.

2.0 Alterations to Approval

The original application was approved in 2015, this has been enacted and remains extant, following further improvements to the neighbouring dwellings since this applications original approval it has now become apparent that some alterations need to be made to follow the style of neighbouring development.

This application seeks to allow for minor changes to the approved design to allow for:

- Lower hipped roofs to be change to gables and clad to match the approved dormers & side gable ends.
- Front door to be centralized with infill area to be clad to match the building.
- Area over front door to be covered with a shallow flat roof to form an open porch.
