Description of Proposed Works

Please describe the proposed works

The proposed installation of a privacy fence has been carefully designed to respect and preserve the character and setting of the listed property. The fence will be of a modest height, 5 feet and constructed using quality timber materials, chosen to complement and blend in with the surrounding landscape. Its design remains simple and unobtrusive ensuring that key views are not adversely affected while providing a necessary degree of privacy for the occupants. The fence will be positioned sensitively within the site boundary, avoiding harm to any historic features or significance of the listed building and will be fully reversible, ensuring no permanent impact on the heritage asset.
