Subject: 20260330-Drains - Brambles Nursery,
Battlesbury Road, Warminster

Caution: This is an external email and may be malicious. Please take care when clicking links or opening attachments.

Good Afternoon Rachel

Ancala have confirmed that they are willing to provide a conditional agreement for Brambles Warminster using the proposal outlined below.

1. Brambles to use ONLY compostable toilets for all waste and these toilets are not to be emptied or otherwise disposed of down any drain or sewer that leads to the AWS sewage works.
2. This is to be a temporary arrangement, MUJV to continue investigating and resolving the wider non nursery related infiltration issues and provide evidence of resolution.
3. Once resolution info has been shared and agreed, normal discharge arrangements can commence, and non-compostable toilets can be entered into supply.

There is a meeting planned for 14th April between AWS/DIO/MUJV to discuss wider non nursery related investigation and resolution. It is hoped that following on from that, this position can be reviewed leading to approval of full to discharge.

We hope that this confirmation allows the Nursery to open after Easter.

ANT – Can you just return this email to Rachel and myself marked confirmed and

then it can be forwarded to Wiltshire with
your email sign off attached.

Kind regards
