

4382 KILMINGTON BARN

Schedule of Finishes PL/2025/07029

Condition 8

“Prior to the installation of the new stone floor, details in relation to the choice of stone and its finish, shall be submitted to and approved in writing by the Local Planning Authority. The works shall be carried out in accordance with the details approved.”

Please refer to the applicant's letter, attached to this condition discharge application, which requests that timber flooring be used rather than stone, given that the applicant's infirm relative will be occupying the annexe. The planning officer Jane Sanger and the conservation officer Jocelyn Sage agreed that this change in specification was acceptable in March 2026, and requested confirmation of the floor finish in order to discharge condition 8.

Details of the proposed timber floors are as follows:

FEATURE	Material spec
Ground floor internal floor finish, excluding bathrooms	Engineered Oak timber boards
