REASON: For the avoidance of doubt and in the interests of proper planning.

- 3 No development shall commence on site above ground floor slab level until details and samples of the materials to be used for the external walls, roofs and porches have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

REASON: The application contained insufficient information and the matter is required to be agreed in the interests of visual amenity and the character and appearance of the area.

- 4 No carriageway or pavement shall be surfaced until details and samples of the materials to be used for the surfacing have been submitted to and approved in writing by the Local Planning Authority. The material treatment shall illustrate priority of pedestrian movement along key corridors and shall provide a contrast to adjacent carriageway areas. Prior to the occupation of any dwelling, the footways and junction transition areas shall be completed in all respects with the approved details and maintained as such thereafter.

REASON: The application contained insufficient information and the matter is required to be agreed in the interests of visual amenity, the character and appearance of the area and to maximise the priority of sustainable modes of transport within the development in accordance with Core Strategy Policy 60 and 61.

- 5 All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All shrubs,

trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

- 6 Prior to the start of construction, a Landscape and Ecology Management Plan (LEMP) shall be submitted to and approved in writing by the Local Planning Authority. The LEMP will include long-term objectives and targets, management responsibilities and maintenance schedules for each ecological feature within the development, together with a mechanism for monitoring the success of the management prescriptions, incorporating review and necessary adaptive management in order to attain targets.

The LEMP shall also include details of the legal and funding mechanism(s) by which long-term implementation of the plan will be secured. The LEMP shall be implemented in full and for the lifetime of the development in accordance with the approved details.

REASON: The application contained insufficient information and the matter is required to be agreed to ensure the long-term management of landscape and ecological features retained and created by the development, for the benefit of visual amenity and biodiversity for the lifetime of the scheme.

- 7 No dwelling shall be occupied until the parking space(s) together with the access thereto, have been provided in accordance with the approved plans and maintained as such in perpetuity.

REASON: In the interests of highway safety and the amenity of future occupants.

- 8 Prior to first occupation, the cycle/footway connections routes shall be surfaced and completed to the satisfaction of the Local Planning Authority and maintained as such thereafter. The routes shall provide continuous thoroughfare to adjacent highway and development site networks and shall not be subject to ransom within the control of the applicant.

REASON: To maximise the priority of sustainable modes of transport and connectivity to adjacent highway networks and development sites in the interests of highway

sustainability and Core Strategy Policy 60 and 61.

- 9 Prior to the occupation of plots 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 28, 29 and 30 the acoustic fencing hereby approved on drawing No. 3855-09 shall be erected and maintained as such in perpetuity.

REASON: In the interests of residential amenity.
