Dear Sir/Madam

Planning consultation: Demolition of the existing four-bedroom, two-storey dwelling and the erection of a replacement dwelling

Location: 22 Riverside Close, Laverstock, Salisbury, SP1 1QW

Thank you for your consultation on the above dated 02 April 2026 which was received by Natural England on 02 April 2026.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

SUMMARY OF NATURAL ENGLAND'S ADVICE

NO OBJECTION

Based on the plans submitted, Natural England considers that the proposed development will not have significant adverse impacts on statutorily protected nature conservation sites or landscapes.

Natural England's generic advice on other natural environment issues is set out at Annex A.

Requirement for Construction Environmental Management Plan (CEMP)

A CEMP for the scheme to avoid and mitigate effects on ecological features should be agreed by your Authority prior to commencement of the scheme. This should have particular focus on measures to prevent silt entering the river and to ensure no light spill along the River Avon.

Sites of Special Scientific Interest Impact Risk Zones

The Town and Country Planning (Development Management Procedure) (England) Order 2015 requires local planning authorities to consult Natural England on "Development in or likely to affect a Site of Special Scientific Interest" (Schedule 4, w). Our SSSI Impact Risk Zones are a GIS dataset designed to be used during the planning application validation process to help local planning authorities decide when to consult Natural England on developments likely to affect a SSSI. The dataset and user guidance can be accessed from the data.gov.uk website

Further general advice on the consideration of protected species and other natural environment issues is provided at Annex A.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries regarding this letter, for new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours faithfully

Jo Smith
