- NOTES
1.

All dimensions are to be checked on site before the commencement of works. Any discrepancies are to be reported to the Architect & Engineer for verification. Figured dimensions only are to be taken from this drawing.
2.

The DWG file is issued for the purposes of coordination only and do not represent formal drawing issue and are not to be reprinted in any form. Formal issue of drawings is via DWG, Adobe PDF files and/or hard copies and their associated information issue sheets. Note that all care has been taken with the export of DWG files and their content, but we recommend that you make due dimensional checks before using any DWG file information. Any errors found are to be reported to Stantec immediately.
3.

All levels are shown in metres above Ordnance Datum (m AOD).
4.

In the event of any contradiction between this drawing and the specification, then the contractor shall seek clarification from the engineer before proceeding.
5.

Refer to landscape architects drawings for extent of external surfaces and kerbing.
6.

The landscape architect / architect is responsible for providing setting out of the proposed site layout.
7.

The works on site affect statutory undertakers apparatus, where the contractor is required to verify the location and depth of all such apparatus prior to commencement of work and to take any precautions necessary when working in the vicinity of apparatus.
