

CONDITION 11 - TECHNICAL NOTE

This note is provided to support the Reserved Matters application for Ashton Park Residential Phase 1, Land Parcel 3, in relation to Condition 11 of the Outline reference 15/04736/OUT. This requires a Tree Protection Plan showing the location of each tree within any particular phase of the development, however as there are no trees present on this phase, a Technical Note has been provided to satisfy the Condition.

Condition 11 – Details of Tree Protection

Condition 11 states – *“No demolition, site clearance or development shall commence on site within any particular Phase or sub Phase, and; no equipment, machinery or materials shall be brought on to site for the purpose of development within the particular Phase, until a Tree Protection Plan showing the exact position of each tree/s and their protective fencing in accordance with British Standard 5837: 2012: "Trees in Relation to Design, Demolition and Construction - Recommendations"; has been submitted to and approved in writing by the Local Planning Authority, and;*

The protective fencing shall be erected in accordance with the approved details. The protective fencing shall remain in place for the entire development Phase and until all equipment, machinery and surplus materials have been removed from the site. Such fencing shall not be removed or breached during construction operations.

No retained tree/s shall be cut down, uprooted or destroyed, nor shall any retained tree/s be topped or lopped other than in accordance with the approved plans and particulars. Any topping or lopping approval shall be carried out in accordance British Standard 3998: 2010 "Tree Work - Recommendations" or arboricultural techniques where it can be demonstrated to be in the interest of good arboricultural practise.

If any retained tree is removed, uprooted, destroyed or dies, another tree shall be planted at the same place, at a size and species and planted at such time, that must be agreed in writing with the Local Planning Authority.

No fires shall be lit within 15 metres of the furthest extent of the canopy of any retained trees or hedgerows or adjoining land and no concrete, oil, cement, bitumen or other chemicals shall be mixed or stored within 10 metres of the trunk of any tree or group of trees to be retained on the site or adjoining land.

[In this condition "retained tree" means an existing tree which is to be retained in accordance with the approved plans and particulars; and paragraphs above shall have effect until the expiration of five years from the date of commencement of the Phase or sub Phase]."

As there are no existing trees and hedgerows on Phase 1 of this development, a Tree Protection Plan has not been produced as it is not necessary in this instance.
