For the attention of Wiltshire Council and Aldi Devizes consultation team

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

An Aldi store is an important investment in Devizes Town.

It adds employment to the location creating space and infrastructure to an existing environment where there's an already increased movement of businesses this helps those that work in that area to negotiate the town centre especially if they travel between Swindon & Devizes.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Brian Hogan

I prefer a Waitrose but Aldi equally as good. I support it as I live in Horton and always hit traffic by the b and q roundabout . Making the journey to Lidl's twice as long.

The drive through coffee will hopefully be Starbucks. I really support ad there is nothing up Horton way for a coffee. We have to travel through crazy traffic to get to the cafe. It will be just nice to get a simple coffee quickly.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Ceri Rankin

At present we shop in Melksham or Amesbury Aldi. A store in Devizes will reduce travel time and cause less pollution. The provision of another discount store in this location will create competition for Lidl.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Gordon Morris

For the attention of Wiltshire Council and Aldi Devizes consultation team

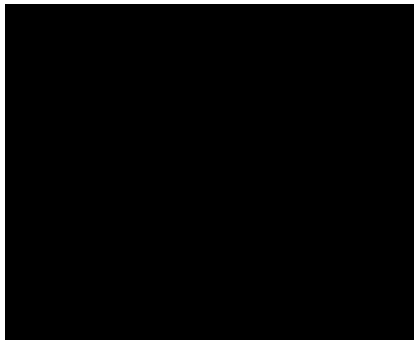

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

Cheaper options on quality foodstuffs etc will be gratefully received by Devizes residents and more competition to the existing supermarkets etc can only be good for consumers 100% back the application

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Terry Jennings

Actually I don't support plans for an Aldi. It will draw foot fall from town. Its too close to Lidl to close to a roundabout. The council shouldn't support this development.

Kind regards,

Alan Skinner

For the attention of Wiltshire Council and Aldi Devizes consultation team

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

This development will help create jobs in the local area, provide competition to other local stores which will help keep prices affordable for local Devizes Residents.

Provide facilities for drivers, visitors and locals to Devizes which are in need in this area of town such as coffee shop, EV chargers, etc.

By having this investment in the town, hopefully it will encourage other investors into our town - especially the town centre. This will be needed due to all the new developments happening in the area which will need services and facilities, etc.

Please do not stop this development due to large vehicles, noise, etc for local residents - let's try & work with Aldi to find solutions and bring hope & new growth to our town.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Leah Dunne

For the attention of Wiltshire Council and Aldi Devizes consultation team I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361). Aldi is my food store of choice and at the moment I have to drive 30 minutes to my nearest store. So, environmentally this will be a positive for me. The design is attractive and an improvement on the current building on the site. I am please to hear how many jobs will be created. I wouldn't use the drive through, but I'm sure it will be popular. There will be plenty of parking, which is essential. I very much look forward to the store opening. I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application. Kind regards, Sue Jones [REDACTED]

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

Added competition between the supermarkets in the town brings benefits for consumers, more choice, improved quality and pricing of products.

The location will attract customers from the villages that side of the town and could help to reduce traffic in the town thereby improving parking, air quality and pedestrian safety.

I hope this development will stimulate interest in the land for sale adjacent to the proposed site, leading to further improved work opportunities for locals.

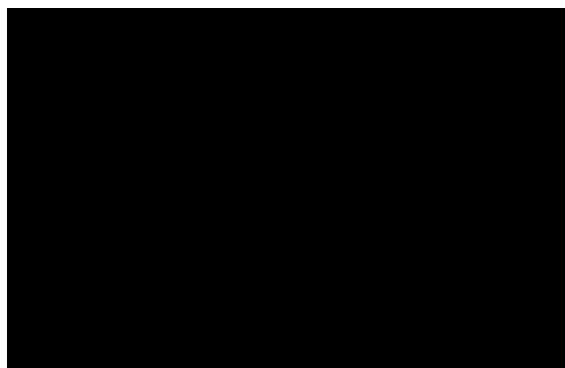

Added investment in Devizes, other than housing, is a positive.

As a resident of Willowbrook estate having 2 supermarkets in easy walking distance will be ideal, less driving , good for my health and the environment, plus more choice for healthy eating.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Glynn Sixsmith-Hookings

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

I strongly support the proposal to build an Aldi store in Devizes, Wiltshire.

Devizes is a growing town and additional supermarket choice would greatly benefit local residents. Aldi is well known for providing high-quality products at affordable prices, which is especially important during a time when many households are facing increased living costs. Having an Aldi in Devizes would give people more options to shop locally and help families stretch their budgets further.

The new store would also create valuable local employment opportunities, both during construction and once the store is operational. This would contribute positively to the local economy and provide jobs for people in Devizes and surrounding villages.

In addition, the presence of Aldi would help reduce the need for residents to travel to other towns to access discount supermarkets, which could reduce traffic associated with longer shopping trips and support more sustainable local shopping habits.

Overall, the development would bring clear benefits to the community through increased choice, affordable food options, job creation, and economic activity. For these reasons, I fully support the proposal for Aldi to open a store in Devizes.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Mark Stratford

I am writing to let you know that I support the proposals for a new discount food store and a drive-through coffee shop with EV charging hub on land south of the A361 / London Road in Devizes (planning ref PL/2026/01361).

As someone who lives in Devizes and works in Swindon, I've noticed the decline of businesses in the town that support our current way of living. Too many shops are either niche and expensive or charity shops or coffee shops. With all due respect Devizes needs Aldi to start bringing in more useful shops. I believe that this will start turning the town into a more central town and other mainstream shops will want to invest here. The town is growing larger and more shops are needed to keep people shopping here. This in turn will bring the footfall the other shops need which will lead to long term sustainability for everyone.

Aldi are consistent in providing quality. I believe the combination of Aldi and Lidl, alongside B&Q, Screw fix etc on that side of town will start to bring people into the town. All we need now is decent shops in the town centre.

I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.

Kind regards,

Leonie Griffiths

Better competition for the existing expensive stores and competitive pricing similar to Lidl. Nearest Aldi is in Melksham or Wootton Bassett. If you live this side of town, it's a difficult journey with current access issues in Devizes. I confirm that I would like my comments to be passed on to Wiltshire Council's planning department and considered as a representation in support of this application.
