PROPOSAL

This application seeks a Certificate of Lawfulness (CLP) under Section 192 of the Town and Country Planning Act 1990 (as amended) to convert an existing garage into a habitable room

As an LDC, the planning merits of the proposal are not under consideration. The only issue is whether the proposed works constitute “permitted development” (PD) under the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) [hereafter referred to as "the GPDO"].

RELEVANT LEGISLATION AND POLICY

The statutory framework governing CLP's is set out in Section 192 of the Town and Country Planning Act 1990 (as amended). This section establishes that a proposed development or use is "lawful" if it would not constitute a breach of planning control. A CLP can be granted if the Local Planning Authority is satisfied, on the balance of probabilities, that the proposed development or use would not require planning permission.

The application has been assessed against the relevant criteria set out in Schedule 2, Part 1, Classes A–H of the GPDO 2015 (as amended).

SITE DESCRIPTION

The property is a semi-detached dwelling situated in the town of Chippenham. The property is not situated on article 2(3) land, listed or subject to any article 4 direction. The planning history indicates that permitted development rights are intact.

The plans submitted show that it is proposed to convert the garage to habitable space with the addition of window to the front of the dwelling to replace the existing garage. The agent has confirmed that all materials used will match those used in the existing dwellinghouse.

REPRESENTATIONS

There is no legal obligation to consult third parties, including Town/Parish Councils or neighbouring properties, for this type of application.

RELEVANT SITE HISTORY

The site has no recorded relevant planning history:

ASSESSMENT AND CONCLUSION

The proposal seeks to utilise permitted development rights under Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Having completed the detailed assessment checklist at Appendix 1 and 2, and based on the submitted plans, supporting information, and a review of relevant constraints, it is concluded that:

The proposed development falls within the scope of permitted development, as defined under Schedule 2, Part 1, Class A of the GPDO. It meets all relevant limitations and conditions, and no restrictions (such as Article 4 Directions or planning conditions) are in force that would remove the permitted development rights relied upon.

The proposed development is considered lawful under Section 192 of the Town and Country Planning Act 1990 (as amended).
