Details of the pre-application advice received

Acceptable in principle. In general, the principle of development would likely be considered acceptable. Subject to appropriate detailing, material specifications, and a re-think of the design of the south elevation, the application would likely be considered acceptable on visual amenity grounds if submitted as a planning application.

- (b) an elected member
- (c) related to a member of staff

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
