

PV Layout Legend	
PV Capacity:	100.98 kWp
Module Brand:	DMEGC
Module Qty+Size:	198 x 510Wp
Inverter Brand:	Sungrow
AC Power:	1x 75kW
Max. DC/AC Ratio:	1.34
Mounting Type:	S.Seam E/W (with lift adaptors)- TBC
Module Pitch:	Flat- TBC

- Notes:
- All dimensions are in mm unless otherwise noted.
 - Refer to "MOD Corsham (425,406,GM1,GM2)_G99_CSL_DET_Assumptions_ID01.pdf" for all design assumptions and pending inputs.
 - Please note that at this initial design stage, only limited information was available. As a result, the proposed system size is subject to change following receipt of roof as-built drawings (the current design is based on Google Earth imagery). The design is also dependent on the structural survey outcomes and any specific client or insurance requirements.

Issue Code Legend:
ID = Initial Design | G = Grid | D = Draft | CD = Contract Design | AFC = Approved for Construction | AB = As-Built

Issue	Rev	Date	Description Of Change	Drm	Chk
