You don't often get email from [REDACTED] [Learn why this is important](#)

Dear Audrey

We have seen the comments from Jane Hughes below. Please note that she is in fact incorrect with the planting in relation to maintaining a minimum footpath width of 2m. See my clients comments below and the attached photos. The hedge has already been planted to catch this seasons planting to allow the correct footpath width i.e 2.7 m -2.9m actual footpath width against a minimum width requirement of 2m. Please can you kindly update Jane Hughes accordingly.

Kind regards

Steve Humphris
