

The Town and Country Planning Act 1990
Approval of Full Planning Permission with Conditions
Application Reference Number: PL/2026/00994
Decision Date: 06/05/2026

Applicant:	VIVO Defence Services Buckley Barracks, Church Lane, Chippenham, Wiltshire, UK, SN14 6BT
Particulars of Development:	Erection of single storey temporary structure
At:	Buckley Barracks, Church Lane, Lower Stanton St Quintin, Chippenham, SN14 6BT

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 39 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby approved shall be implemented in accordance with the details of approved plan numbers and documents:

- 300891-360DS-XX-XX-DR-B-0200_PS1 – Location and Block Plan;
- 300891-360DS-XX-XX-DR-B-1001_PS1 – Proposed Elevations;

Reason: In the interests of proper planning and to define the planning permission.

- 3** Within one year of the date of this planning permission or within three months of the cessation of the storage use (that being storage associated with the Hangar repair/refurbishment works), whichever is the latter, of the building/structure hereby approved, it shall be removed from the land in its entirety and the land restored to the condition as it existed prior to the commencement of the development.

REASON: To ensure long-term protection of the character and appearance of the site and to protect the settings of the nearby listed buildings in accordance with the aims of Core Policies 51, 57 and 58 of the Wiltshire Core Strategy.

Informative

- 1** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition”) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply.

In this case, a Biodiversity Gain Plan is NOT required to be submitted.
