

## **Highway Development Management Consultation Response**

**Planning Application Ref:** PL/2026/02332

**Site Address:** Kent End Farm, Kent End, Ashton Keynes, Swindon, SN6 6PF.

**Proposal:** Demolish of Existing Garage for storage of Vehicles and Replace with a larger Garage for storage of Vehicles.

**Date of Consultation Response:** 07/05/2026

I refer to the above planning application dated 09/04/2026 seeking permission for the demolition of an existing garage for storage of vehicles and replacement with a larger garage for storage of vehicles.

The site is located with access from Kentend Farm Road, an unclassified section of public highway subject to a speed limit of 30mph. There are no proposals to alter the existing access with the public highway.

The proposals seek to provide a building with no change of use, but with a larger footprint and improved garage space. I would not consider that this increase in floor space would generate any additional vehicle movements which would be considered a detriment to the surrounding highway network.

It is therefore recommended that no highway objection be raised.
