

Letter of support (1)

Dear Heather and Lee,

We would 100% support your application to make a safe off road parking place for Cleo on the grounds of [REDACTED]. She should be entitled to live with dignity and as independently as possible.

In view of the fact that she has difficulties walking which are sufficient to entitle her to a blue badge, particular consideration should be given to her individual circumstances. The only safe place for her to park at present is the Newtown Rd which is more than 100m away and down a steep and uneven road. She would need help to safely navigate this as evidenced by a [REDACTED].

We therefore feel that this application should be granted as soon as possible.

Drs Jo and Rodney Owen-Jones

Letter of support (2)

Heather & Lee,

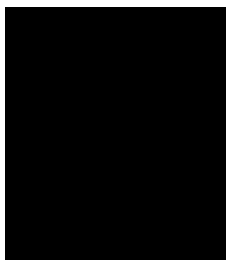

Thank you for your note today. Bees and I have no objection at all about a parking space being created for your property - No 9 Union Street. We are especially supportive as your daughter Cleo has a blue badge and would benefit from being able to park closer and safely near the property. You have our support.

Parking has always been an issue for Union Street as it is an old street that pre-dates motor vehicles. When we lived in no 10 we always had to park at the top or the bottom of the road as there was little option to park on Union Street.

Lastly, there has been previous work carried out to create parking spaces on Union Street with Eagle Cottage (the end cottage on your terrace) and no 15 (the Well House) having carried out work to make space to park.

Good luck.

Jon and Bees Symon

Letter of Support (3)

Hi Lee and Heather,

Thanks for your note. Of course we're very happy to support your application. Even if no other house on Union Street had a driveway cut in (which, as you say, certainly isn't the case), we'd still support it.

It's hard to see why anyone would object — it doesn't appear to cause any detriment to others, and it could make a real difference for your daughter in particular.

Do let us know if there's anything further we can do to help.

Best

Ben and Jess Dunn

Letter of Support (4)

Dear Lee and Heather

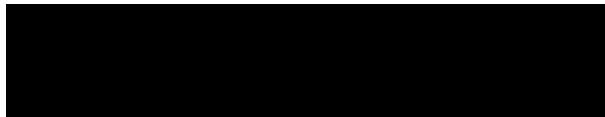

I fully support your application for off-road parking for No 9 Union Street. The majority of houses in Union Street have off-road parking or a driveway, and Well House (No 14/15) had one dug out only a couple of years ago so I cannot see why the Council should object. They should be pleased that someone wants to take another car off the street as it is extremely narrow and the large potholes are a safety issue.

Best

Lucy

Letter of Support (5)

Dear Heather and Lee,

I am sorry you are having such a difficult time with Wiltshire Council and fear there is no easy solution. Obviously the more cars that are off the road the better it is all round but that is impossible.

The place where there is/was the remains of steps (opposite Omorica) would be ideal”

A previous owner of one of the cottages did start excavating a long time ago without planning permission had to fill it in when she was reported by someone in the village I am led to believe.

All I can suggest is that you ask for a marked Disabled space along the main road (turning left at the bottom of Union Street)

Not ideal I realise but if she could secure one she would at least have the knowledge of not having to drive round looking for a place to park.

You MUST ask for a site visit appointment which you can attend as well. Let them know that its imperative you are there.

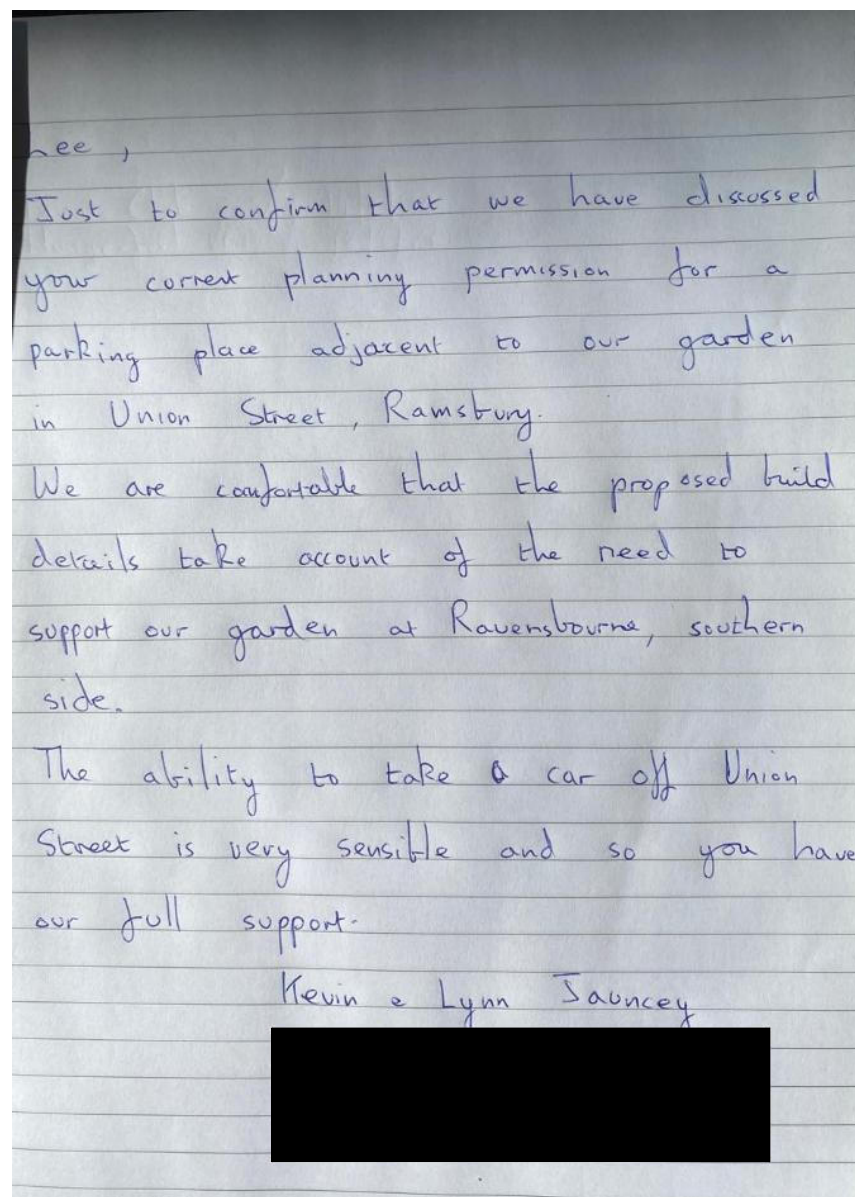

Is Cleo’s car small? Needs to be really.

I am sorry not to be of much help. I also have a Blue Badge and find that A LOT of the public still ignore them and park in properly marked spaces for disabled drivers especially in supermarket car parks.

Good Luck, will be thinking of you.

Janet Webster

Letter of Support (6)

nee,

Just to confirm that we have discussed your correct planning permission for a parking place adjacent to our garden in Union Street, Ramsgate.

We are comfortable that the proposed build details take account of the need to support our garden at Ravensbourne, southern side.

The ability to take a car off Union Street is very sensible and so you have our full support.

Kevin & Lynn Tancey
