No enlargement is proposed or required to bring the building into residential use.

The dwelling comprises of an open plan kitchen dining and living area and two bedrooms with a family bathroom.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access

Access to the dwelling will utilise the existing vehicular access with no changes proposed, as shown on the proposed Block Plan. Please provide details of any flooding risks and how these will be mitigated.

The building is not at risk of flooding from rivers or seas. Nor is it at risk of flooding from surface or ground water. The site lies entirely within Flood Zone 1 according to the Environment Agency's Flood Risk Map (April 2026)

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.
