Application for Planning Permission; Listed Building Consent for alterations, extension or demolition of a listed building

Town and Country Planning Act 1990 (as amended); Planning (Listed Buildings and Conservation Areas Act) 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Number

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

Installation of an all-black photovoltaic (PV) solar system on the roofs of two modern annex outbuildings within the curtilage of Huntenhull Farmhouse, Chapmanslade, BA13 4AS, Wiltshire. The system comprises 27 × Aiko AIKO-A480-MCE54Mb 480 Wp all-black solar modules totalling 12.96 kWp nominal capacity, distributed as follows: Swimming Pool Annex roof — 10 panels (4.8 kWp) at 31° pitch, azimuth 213° (south-south-west aspect); Garage Annex roof — 17 panels (8.16 kWp) at 45° pitch, azimuth 128° (east-south-east aspect). Modules are fixed to the existing pantile roof coverings using the Renusol VarioSole+ on-roof rail mounting system, with stainless steel RH1 pantile roof hooks fixed to the existing timber rafters; rails, mid-clamps, end-clamps and perimeter bird-protection mesh are all matt black. Existing legacy modules on the same annex roofs will be removed at the time of installation and the affected tiles inspected and reinstated. The mounting system is fully reversible. The installation has been designed to Eurocode standards (BS EN 1991 for wind and snow loading) and Renusol's structural validation (Ref Chapmanslade 9479133, 12 May 2026) confirms all safety margins are within acceptable limits. The arrays are located on modern, ancillary outbuilding roofs away from the principal elevations of the listed farmhouse, with all visible components in matt black to read quietly against the existing dark tile covering.

Has the development or work already been started without consent?

- ☐ Yes
☒ No

Listed Building Grading

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

- ☐ Don't know
☐ Grade I
☐ Grade II*
☒ Grade II

Is it an ecclesiastical building?

- ☐ Don't know
- ☐ Yes
- ☒ No

Demolition of Listed Building

Does the proposal include the partial or total demolition of a listed building?

- ☐ Yes
- ☒ No

Immunity from Listing

Has a Certificate of Immunity from Listing been sought in respect of this building?

- ☐ Yes
- ☒ No

Listed Building Alterations

Do the proposed works include alterations to a listed building?

- ☐ Yes
- ☒ No

Materials

Does the proposed development require any materials to be used?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded

Type:

Roof covering

Existing materials and finishes:

Existing roof covering — retained Type: Clay pantile roof tiles (existing). Colour: Natural red/orange terracotta. Name: Existing pantile roof covering — to remain unaltered. (The solar array is mounted above the tiles using non-penetrative roof hooks fixed to the existing timber rafters; no tiles are being replaced or removed.) Existing roof timbers — retained Type: Timber rafters (existing structural substructure). Colour: N/A (concealed). Name: Existing roof rafters (50mm thickness, 600mm centres) — used as fixing substrate for roof hooks.

Proposed materials and finishes:

Solar PV modules Type: Monocrystalline photovoltaic panels with all-black frame, backsheet and cells; anti-reflective glass. Colour: Black (matte). Name: Aiko AIKO-A480-MCE54Mb, 480 Wp, 1762 × 1134 × 30 mm. Quantity: 27 modules (10 on the Swimming Pool Annex roof APPLICATION – slope, 17 on the Garage Annex roof slope). Mounting rails Type: Anodised aluminium on-roof rail. Colour: Black (anodised). Name: Renusol VarioSole+ module rail, 50 × 37 mm profile. Roof hooks (fasteners) Type: Stainless steel adjustable roof hook for pantile roofs, fixed to Not valid for existing timber rafters; sits beneath the tile course so is not visible externally. Colour: Mill/silver (concealed). Name: Renusol RH1 Pantile roof hook. Module clamps and end caps Type: Anodised aluminium mid and end clamps with end caps. Colour: Black. Name: Renusol Mid clamps+ / End clamps+ with black end caps. Bird protection mesh Type: Powder-coated mesh skirt fitted around the perimeter of the array to prevent nesting beneath the panels. Colour: Black. Name: Bird protection mesh (perimeter only). External cabling Type: UV-resistant DC/AC cabling, routed internally where possible; any short external runs to be discreetly clipped along eaves/rainwater goods and concealed from submission principal views. Colour: Black. Name: Standard MCS-compliant PV cabling.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

☒ Yes

☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

- 01 — Heritage and Design and Access Statement (May 2026)
- 02 — Listed Building Map (Historic England, List Entry 1036531)

- 05 — Proposed PV Layout — Garage Annex
- 06 — Renusol VarioSole+ Technical Project Overview (Ref Chapmanslade 9479133, 12 May 2026)
- 07 — Scope of Works (incorporating Cinergi Ltd, MCS NAP-61468)
- 08 — Aiko AIKO-A480-MCE54Mb Module Datasheet

Site Area

What is the measurement of the site area? (numeric characters only).

0.50

Unit

Hectares

Existing Use

Please describe the current use of the site

Residential — single private dwellinghouse (Use Class C3). The site comprises Huntenhull Farmhouse (Grade II listed) and its associated modern curtilage outbuildings (the Swimming Pool Annex and the Garage Annex, both c.20-year-old conversions in ancillary residential use). The site has been in continuous use as the current owners' sole and main residence since 2021. The proposal does not alter the existing use of the site.

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☒ Yes
☐ No

Please provide information on the existing and proposed number of on-site parking spaces

Vehicle Type:

Cars

Existing number of spaces:

7

Total proposed (including spaces retained):

7

Difference in spaces:

0

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
- ☐ Septic tank
- ☐ Package treatment plant
- ☐ Cess pit
- ☐ Other
- ☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
- ☒ No
- ☐ Unknown

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
- ☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
- ☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
- ☒ No

How will surface water be disposed of?

- ☒ Sustainable drainage system
- ☐ Existing water course
- ☐ Soakaway
- ☒ Main sewer
- ☐ Pond/lake

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

De minimis exemption (paragraph 19 of Schedule 7A, Town and Country Planning Act 1990). The proposed development comprises the installation of roof-mounted photovoltaic modules on the roofs of two existing curtilage outbuildings. The works are entirely roof-mounted and reversible, involve no ground disturbance, no removal or alteration of any vegetation, hedgerow, watercourse or other habitat, and no works to soil. The development therefore affects 0 m² of onsite habitat and does not affect any priority habitat. It falls squarely within the de minimis threshold (less than 25 m² of habitat affected and no priority habitat impacted) and is exempt from the biodiversity gain condition.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

☐ Yes

☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

☒ Yes

☐ No

If Yes, please provide details:

The proposal is a roof-mounted solar PV installation. No new waste-storage areas are required, and the property's existing household waste and recyclable waste storage and collection arrangements (via Wiltshire Council's standard kerbside collection scheme) continue unchanged.

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

☐ Yes

☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

☐ Yes

☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

☐ Yes

☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

☐ Yes

☒ No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

☐ Yes

☒ No

Is the proposal for a waste management development?

☐ Yes

☒ No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

☐ Yes

☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

☐ Yes

☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☒ Yes

☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

☐ The agent

☒ The applicant

☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 & Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of **all** the land to which this application relates; **and** has the applicant been the sole owner for more than 21 days?

- ☐ Yes
☒ No

Can you give appropriate notice to **all** the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- ☒ Yes
☐ No

Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- ☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* 'owner' is a person with a freehold interest or leasehold interest with at least 7 years to run.

** 'agricultural tenant' has the meaning given in section 65(8) of the Town and Country Planning Act 1990.
