Dear Sir/Madam,

**THE TOWN AND COUNTRY PLANNING (TREE PRESERVATION) (ENGLAND)  
REGULATIONS 2012, SI No. 605  
APPLICATION FOR CONSENT TO CARRY OUT WORKS TO PROTECTED TREES  
APPELLANT: Mrs Sally Ward  
SITE AT: 2 Stanbrook Close, Manton, Marlborough, SN8 4HY**

We have received the above-cited appeal against your decision on an application to carry out work on a tree protected by a tree preservation order. The appellant will have sent a copy of the notice of appeal to you.

I am the case officer for the appeal and can be reached using the telephone number and email address at the top of this letter. When contacting me please quote the above reference.

You will note that the appellant has opted for the written procedure. We will assume that your Council is happy to proceed via the written procedure.

Please carefully read through the questionnaire found at the end of this letter and then complete the form and return it to me, together with copies of the documents cited on it, within 2 weeks of the date of this letter. If we do not receive your completed questionnaire within the specified period, we will progress the appeal without further notice. Please ensure that you send a copy of the completed questionnaire and associated documents to the appellant or their agent. If you have reason to believe that the appeal is invalid e.g. it has been submitted out of time or the appellant is not the person who made the application, ignore the questionnaire and simply provide the relevant information bringing your observations to our attention.

If the appellant has not seen any particular associated document that you provide with the questionnaire (such as an officer's report which may have informed your decision) then they will be given an opportunity to comment on it if they so wish.

We draw your attention to the national planning practice guide Tree Preservation Orders and trees in conservation areas, and the following guidance [Tree Preservation Orders - consents for works - A Guide for Appellants - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/tree-preservation-orders-consents-for-works-a-guide-for-appellants) which explains that we will decide which procedure is adopted. Further guidance is available via the Government's Planning Practice Guidance [Tree Preservation Orders and trees in conservation orders - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/tree-preservation-orders-and-trees-in-conservation-orders). The guidance explains how the written procedure operates.

If you are able to resolve this dispute with the appellant at any time during the appeal process before the site visit, please let me know. This would enable the withdrawal of the appeal and a consequent saving of time and public resources.

Finally, information on the awards of costs, which is applicable to appeals proceeding by way of a hearing, inquiry and the fast-track procedure, may be accessed through the Government's "*Planning Practice Guidance*" website:

<http://planningguidance.communities.gov.uk/blog/guidance/appeals/the-award-of-costs-general/>

This guidance is also being brought to the attention of the appellant.

Yours sincerely,

Tree and Hedge Appeals

### 3. Conditions

**It is important that you set out any conditions you would like the Inspector to impose if allowing the appeal in part or in full, particularly with regard to replanting if the appellant is seeking consent to fell.**

**The tree authorised by this consent shall be replanted with one *Sorbus torminalis*, Wild Service Tree; supplied and planted as selected standards; with a girth of 10-12cm and at a height of 3.0 -3.5m.**

**The new tree shall be established by the end of the 2026-2027 planting season. All plant material should comply with the minimum British Standard requirement for tree planting, these being BS3936 (Part 1 & 4), BS4428:1989 Section 7, and BS4043.**

**The replacement tree shall be sited at or as close to the position of the felled tree as reasonably practicable, in a location to be agreed with the local planning authority, prior to planting.**

**The replacement tree shall be properly maintained for a period of 10 years. If the tree is removed or becomes damaged or diseased within this period it shall be replaced in the next planting season with the same species. If a variation in species is required due to disease, agreement must be sought in writing from the Local Planning Authority before the replacement is planted.**

**REASON: To ensure that trees are replaced for the benefit of visual amenity and character which at present exists on site.**
