Dear Sir/Madam

PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990
APPROVAL OF DETAILS RESERVED BY CONDITION

Application No:	PL/2026/00477
Proposal:	Partial discharge of condition 20 (Floors) relating to application 18/00195/LBC (Old Stables ground floor finishes).
Site Address:	Tottenham House And Estate, Grand Avenue, Savernake, SN8 3BE
On Behalf Of:	Mr Chris Rokos c/o Newmark, One Fitzroy, 6 Mortimer Street, London, United Kingdom, W1T 3JJ

I refer to your application for the discharge of condition(s) attached to the above listed building consent dated 23 January 2026. After careful consideration, the following decision has been made:

Condition(s) submitted for consideration:

Condition 20 – Floors (edited for relevance)

Notwithstanding the general details shown within the Condition Survey and Schedule of Works Reports Vol I-V and VIII (updated) and IX the presumption should be in favour of retaining all historic floors (including floorboards and flagstones) in situ. Prior to the commencement of any works for the lifting, removal or replacement of any historic floors or floor finishes (other than where these have previously been agreed for removal as part of dry rot fabric removals or under condition 5) within any of the individual buildings or structures referred to in 1.1 to the Listed Building Justification and Work Methodology Statement, a schedule of proposals for the **storage, treatment, reinstatement and making good of the floors** shall be submitted to and approved in writing by the Local Planning Authority. As appropriate this shall include:

- b) a methodology for the lifting, retention and storage of flagstones. Final details of the proposed areas to be lifted. Details of proposals for their reinstatement;
- c) a detailed specification for proposed limecrete floors;
- e) details of any proposed new or replacement floor finishes.

The works shall be carried out in accordance with the approved details.

Details Submitted for Approval: the details considered on this occasion include the proposed finishes for the ground floor. The details outline proposals for the reinstatement of the retained historic floor finishes in their historic locations so far as possible. These finishes will be laid at their historic levels and will retain their original relationship with surrounding historic fabric and features. It is noted that there is a shortfall of historic materials due to their condition at the start of the project.

Proposals are also included for the overlaying of modern finishes in certain areas of the building. Details illustrate the relevant corresponding junctions with surrounding historic fabric (thresholds, doors, skirtings, fireplaces etc.), including proposed design amendments where required to facilitate the proposed modern overlays, and these are also approved.

n.b. At this stage details for the underlaying floor build-ups remain in abeyance.

The proposed details are as set out on the following plans:

Floor Finishes - Details Sheet 2 ref. THB002-ADA-XX-00-DR-A-517 Rev A

Ground Floor Proposed Internal Finished Floor Levels ref. THB002-ADA-XX-ZZ-DR-A-0480 Rev B

Ground Floor Proposed Internal Floor Finishes - Overlay Finishes ref. THB002-ADA-XX-ZZ-DR-A-0479 Rev D

Ground Floor Proposed Internal Floor Finishes – Original Floor Finishes ref. THB002-ADA-XX-ZZ-DR-A-0478 Rev E

Ground Floor Finishes Plan ref. 3123 F401 Rev B

Decision: The details submitted in relation to this condition as noted above are approved and the application is partially discharged.

Reason for Decision: the proposed floor levels and finishes allow for the reinstatement of the retained historic floor finishes in their historic locations and relationship with surrounding fabric so far as this is possible and will preserve the significance of the building for the long term. The overlaying of modern finishes in certain locations (and associated facilitating detail) to suit the current owner's preferences provides a reasonable compromise and whilst there will be some limited harm from the visual impact of finishes which are inappropriate in this context, this will be temporary and reversible and is considered to be justified to facilitate the approved scheme in the interests of securing the long-term conservation of the heritage assets. The details therefore meet with the requirements of current legislation and policy.

This letter acts as official confirmation and therefore I suggest that you attach it to the decision notice as evidence that you have complied with the requirements of the relevant condition(s).

Yours faithfully

Head of Development Management
