

As requested for my proposal, the salons opening hours will be as shown below.

Sundays and Mondays closed.

Tuesday 9am/6pm

Wednesday 9am/7pm

Thursday 9am/7pm

Friday 9am/5pm

Saturday 8am/4pm

The clients will be able to park on our drive which has spaces for up to 3 cars so clients cars won't affect any of the other local residents.

I offer a range of treatments which are as follows;

Manicures

Pedicures

Waxing

Facials

And Massages

If the client needs access to a bathroom they will be able to use the one in our house. However most clients aren't with me long enough to need to do so. However it is there if they need.

Within the garage will be soft furnishings and a nail desk and side board which will have my stock in. There is no plumbing attached or in the garage as again I can enter the house if I need water.

There is a side gate off the driveway where clients will be able to enter through to get to the salon.

I've arranged another bin to be delivered with hills so all my waste will be going into a seepage waste bin.

Between each client there is a 15 minute grace period which I leave for cleaning and then plenty of time for there not to be any cross over between clients. This will help me manage clients arriving and also with the parking available.
