Hi Brook

It doesn't look practical but you can probably get 2 cars to the front. I would not want to refuse just on that and they could extend the drop kerb to make manoeuvring easier.

Informative

The application involves an extension to the existing/creation of a new vehicle access/dropped kerb. The consent hereby granted shall not be construed as authority to carry out works on the highway. The applicant is advised that a licence will be required from Wiltshire's Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the highway. Please contact our Vehicle Crossing Team on vehicleaccess@wiltshire.gov.uk and/or 01225 713352 or visit their website at <http://wiltshire.gov.uk/highways-streets> to make an application.

Regards

Ian Fry

Hi Ian, I've got a householder application at the above site – I'm wondering if you can give me a steer as to whether the parking plan in the attached looks realistic to you?
