Hi Jane

Yes the accommodation is for occasional use by the applicants children and relatives.

Please find attached the Preliminary Roost Assessment. Nocturnal surveys are being instructed.

The attic space will not be used for accommodation. There would only be 1.6m headroom in the centre of the attic therefore not suitable for living / bedroom accommodation. The gable windows and sky lights are just for natural light / ventilation when accessing the attic space.

Please find attached revised existing and proposed location and block plans (1364-S01 rev A and 1364-P01 rev A) showing plenty of parking and turning space (the actual space available for parking turning has been measured at 16x13m).

There was a nissen hut on the site of the stables which was demolished and the stables built 2011-2012 all on domestic curtilage.

Yes we agree with an 8 week extension of time from 14th July 2026.

Should you need anything further please do not hesitate to contact me.

Regards

Richard Robins
