

Protected Trees Requiring Work	
Project Glebe Field, Burbage & Easton Royal Cricket Club, East Sands, Burbage, Marlborough. SN8 3AN	
Drawing number 26075-01	Date issued 29th June 2026
● Normal priority tree work	
□ Approximate survey boundary	

Item	Species	Reason for works	Recommendations
T-1	Oak	Large, old oak. 160 cm stem diameter, 18 m tall. Bracket of <i>Innonotus dryadeus</i> between buttress on south side. Buttressing pronounced. Previously thinned causing significant epicormic growth along main limbs. Hollowing stem, decay in buttress on north side.	Reduce/shape whole tree by 5 m to leave 13 m overall height, and 8 m crown radius.
