In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for variation or non-compliance with a condition or conditions imposed on an earlier permission in accordance with the application and plans submitted by you.

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to compliance with the following conditions:

- 1 The development hereby permitted shall be carried out in accordance with the following approved plans:

REASON: For the avoidance of doubt and in the interests of proper planning.

- 2 All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

- 3 Prior to installing any of the Sustainable Urban Drainage (SUDs) features on the development hereby approved, details of hard landscaping associated with the SUDs, (i.e headwalls and enclosures) shall be submitted to and agreed upon in writing by the local planning authority. The development shall be carried out in accordance with the approved details.

REASON: Core Policy 57 of the Wiltshire Core Strategy requires the use of high standards of building materials and finishes. The generic headwall drawing submitted with the application was not considered to constitute such standards and therefore further details are required to be agreed by the local planning authority.

- 4 The development shall be carried out and thereafter operated in accordance with the Lighting Monitoring Regime Ref: EWT-HYD-XX-XX-RP-E-2001 dated 15 June 2023, prepared by Hydrock (approved by the Local planning Authority on the 20th September 2023 under discharge of condition reference PL/2023/05352).

The approved measures shall be implemented in full and retained for the lifetime of the development.

REASON: In the interests of the amenities of the area, to minimise unnecessary light spillage above and outside the development site and to ensure core bat habitat meets the requirements of the Trowbridge Bat Mitigation Strategy.

- 5 The shared surface roads and private drives within the development shall be constructed and thereafter retained in accordance with Drawing Ref: BELLWAY-Eng-SK002 Rev D.

REASON: In the interests of securing high-quality design and place-making in accordance with Core Policy 57 of the Wiltshire Core Strategy and the National Planning Policy Framework.

*Nic Thomas* - Director of Planning, Economy and Climate

## NOTES

- 1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.
  - 1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**
  - 1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);
  - 1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;
  - 1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).
- 2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - <http://www.planningportal.gov.uk/planning/appeals>).
- 3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. [climate@wiltshire.gov.uk](mailto:climate@wiltshire.gov.uk)
