

Highway Development Management Consultation Response

Planning Application Ref: PL/2026/03903

Site Address: Ballards Piece, Forest Hill, Marlborough, SN8 3HN.

Proposal: Proposed retrospective planning for agricultural Vehicle Shed in land to rear of Ballards Piece.

Date of Consultation Response: 15/07/2026

I refer to the above application dated 02/07/2026 seeking retrospective permission for an agricultural Vehicle Shed in land to rear of Ballards Piece.

The site is located with access from the A4 Forest Hill, a classified section of public highway subject to a speed limit of 50mph. There are no proposals to alter the existing access with the public highway.

The proposed vehicle shed has previously been recommended for approval, however the shed erected does not conform with the size and location permitted.

The shed is slightly larger in footprint and aligned slightly differently within the curtilage, however this would not materially alter the previous recommendation of no objection in regard to highways.
