

The Town and Country Planning Act 1990
Approval of Householder Planning Permission with Conditions
Application Reference Number: PL/2026/02539
Decision Date: 17/07/2026

Applicant:	Foxhills Tree Surgery Underacre Cottage, Chescombe Lane, Winterbourne Whitechurch, Blandford, DT11 0AR
Particulars of Development:	Demolition of existing lean-to, removal of mobile home, erection of an extension to the dwelling linking to the existing outbuilding, formation of front courtyard, new gated access to retained rear walled garden, continued provision of 3 parking spaces, and associated hard and soft landscaping including new 120m native hedgerow planting.
At:	Gas Cottage, Home Farm, Humber Lane, Tidworth

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Application form received 20/04/2026

Location plan Drg no 1163/07 received 01/05/2026

Proposed master plan Drg no 1163/05 Rev A received 01/05/2026

Proposed plans and elevations Drg no 1163/04 Rev C received 01/05/2026

REASON: For the avoidance of doubt and in the interests of proper planning.

- 3 No development shall take place on site above slab level (other than demolition) until the exact details and samples of the materials to be used for the external walls (brick and timber cladding) have been submitted to and approved in writing by the Local Planning Authority.

Development shall be carried out in accordance with the approved details.

REASON: The application contained insufficient information to enable this matter to be considered prior to granting planning permission and the matter is required to be agreed with the Local Planning Authority before development continues above slab level in order that the development is undertaken in an acceptable manner, in the interests of visual amenity and the character and appearance of the area.

- 4 The extension and converted outbuilding (studio) hereby permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the dwelling known as Gas Cottage and shall remain in the same planning unit.

REASON: The accommodation is sited in a position where the Local Planning Authority, having regard to the reasonable standards of residential amenity, access, and planning policies pertaining to the area, would not permit a wholly separate dwelling.

- 5 No construction vehicle access may be taken along Bridleway STID24 without prior consultation with the Wiltshire Council Rights of Way Warden. Where appropriate any safety/mitigation/reinstatement measures must be approved by the Wiltshire Council Rights of Way Warden.

REASON: To ensure the public right of way remains available and convenient for public use.

- 6 The extended dwelling hereby permitted shall not be occupied until three covered and secure cycle parking spaces have been provided in accordance with details to be submitted to and approved in writing by the Local Planning Authority.

REASON: To promote sustainable transport choices and to accord with LTP Cycling Strategy

- 7 The development will be carried out in strict accordance with the following documents:

- Appendix 7 and Appendix 8 of Preliminary Ecological Appraisal and phase 2 Bat and Reptile Survey. April 2026. Bourne Ecology

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

- 8** No development hereby permitted shall commence on site, including vegetation removal, demolition or works to existing structures, until details of the number, design and locations of the ecological enhancement features including bat boxes and bird boxes, have been submitted to and approved in writing by the Local Planning Authority. The enhancement features shall be implemented in accordance with the approved details before the development hereby approved is first occupied and shall be retained and maintained in situ for the lifetime of the development.

REASON: The application contained insufficient information to enable this matter to be considered prior to granting planning permission and the matter is required to be agreed with the Local Planning Authority before development commences in order that the development is undertaken in an acceptable manner, to provide mitigation /enhancement for biodiversity.

- 9** No development hereby permitted shall commence on site, including any vegetation removal, demolition or works to existing structures, until a Construction Method Statement has been submitted to, and approved in writing by the Local Planning Authority. The Construction Method Statement shall include all precautionary measures to be implemented during the construction period, for the protection of sensitive habitats and species known to be present within or adjacent the site, with particular reference to:

- Reptiles and;
- Hedgehogs

The development shall be carried out in strict accordance with the approved Construction Method Statement for the duration of the works.

REASON: The application contained insufficient information to enable this matter to be considered prior to granting planning permission and the matter is required to be agreed with the Local Planning Authority before development commences in order that the development is undertaken in an acceptable manner, to ensure adequate protection, mitigation and compensation for protected species and priority habitats throughout the construction period.

- 10** All external lighting provided on site shall accord with the appropriate Environmental Zone standards set out by the Institute of Lighting Professionals (ILP) Guidance Notes on the Avoidance of Obtrusive Light (GN 01/2021) and Guidance note GN08/23 "Bats and artificial lighting at night", issued by the Bat Conservation Trust and Institution of Lighting Professionals.

REASON: In the interests of the amenities of the area and to minimize impacts on biodiversity caused by light spillage to areas above and outside the development site avoiding illumination of habitat used by bats.

- 11** The development hereby permitted shall not be first occupied until all resulting demolition materials and debris from the demolition of the existing extension and portacabin have been permanently removed from the land.

REASON: In the interests of the character and appearance of the area

- 12** All soft landscaping comprised in the approved details of landscaping on Drg no 1163/05 Rev A shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner. The proposed hedge shall comprise native species only. All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species.

All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development hereby approved.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

Informative

- 1** Nesting Birds - The adults, young, eggs and nests of all species of birds are protected by the Wildlife and Countryside Act 1981 (as amended) while they are breeding.

Please be advised that works should not take place that will harm nesting birds from March to August inclusive. All British birds, their nests and eggs are protected under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August, but some species are known to breed outside these limits.

Informative

- 2** Bats - The roof space of Gas Cottage is used as a bat roost. Under the Conservation of Habitats and Species Regulations 2017 (as amended), it is an offence to harm or disturb bats or damage or destroy their roosts. Planning permission for development does not provide a defence against prosecution under this legislation. The applicant is advised that a European Protected Species Licence will be required before any work is undertaken to implement this planning permission. Future conversion of the roof space to living accommodation or replacing the roof could also breach this legislation and advice should be obtained from a professional bat ecologist before proceeding with work of this nature.

Informative

- 3** The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowners consent before such works commence.

If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.

Informative

- 4** Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work

Informative

- 5** The applicant should note that it is a criminal offence to obstruct a public right of way under section 137 of the Highways Act 1980 and therefore no materials, plant, temporary structures or excavations of any kind should be deposited / undertaken which obstruct or adversely affect the public right of way STID24 whilst development takes place, without prior consultation with, and the further permission of, the highways authority at Wiltshire council.

Informative

- 6** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. For further information on exempt developments please refer to: <https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements is considered to apply.

Informative

- 7** The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to

Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply, and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website www.wiltshire.gov.uk/planninganddevelopment/planningpolicy/communityinfrastructurelevy

Nic Thomas - Director of Planning, Economy and Climate

NOTES

- 1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.
 - 1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**
 - 1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);
 - 1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;
 - 1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).
- 2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - <http://www.planningportal.gov.uk/planning/appeals>).
- 3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
- 4 **General Informative for Householder Planning Permissions** Please note: The following informative combines a number of standard notes commonly applied to householder planning permissions. Not all of the points listed below will be relevant to your specific proposal.
- 5 **Biodiversity Net Gain (BNG) Not Required** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:
 - (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
 - (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the

biodiversity gain condition does not always apply. For further information on exempt developments please refer to:

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements is considered to apply.

- 6 **Wildlife and Countryside Act.** The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Habitats Regulations (2010) it is an offence to disturb or harm any protected species, or to damage or disturb their habitat or resting place. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.
- 7 **Permission Not Authorising Work on Land Outside the Applicant's Control & Party Wall Act.** The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowner's consent before such works commence.

If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.
- 8 **Works to Highway – Consent Required by Highway Authority.** The consent hereby granted shall not be construed as authority to carry out works on the highway. The applicant is advised that a license may be required from Wiltshire's Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the highway.
- 9 **Material Samples.** Please note that if material samples are required to be submitted to the Council for agreement, the Council do not have the facility to receive or store physical samples. Instead you are encouraged to provide full manufacturer details and name/colour of the proposed sample along with a weblink and/or a photograph of the sample material. The case officer will advise if anything else is required to satisfy this condition during the discharge of condition phase.
- 10 **Building Regulations.** Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.
- 11 **Structures Near Public Sewers.** The applicant should note that the grant of planning permission does not include any separate permission which may be needed to erect a structure in the vicinity of a public sewer. Such permission should be sought direct from Thames Water Utilities Ltd / Wessex Water Services Ltd. Buildings are not normally allowed within 3.0 metres of a Public Sewer although this may vary depending on the size, depth, strategic importance, available access and the ground conditions appertaining to the sewer in question.
