1. Application Ref: *

PL/2026/04254

2. Site Address: *

Farm land off the A429, Malmesbury, SN16 9NZ

3. Before making a request for a planning application to be referred to a Planning Committee Members are asked to discuss it with the case officer to ensure that they are aware of all of the relevant considerations and the likely recommendation. This should ensure that only those applications that need to, appear on agendas. (There have been cases where applications have appeared where the officer's recommendation is in line with the Members thoughts).

I have discussed this application with the case officer. *

☐ Yes

☒ No

4. I request this application to be called to committee if the recommendation is for:

☒ Approval

☐ Refusal

5. I request that the above mentioned planning application is considered at a meeting of the Planning Committee. I have indicated below the key issues which I consider justify the call in.

☐ Scale of development

☒ Visual impact upon the surrounding area

☐ Relationship to adjoining properties

☒ Design – bulk, height, general appearance

☒ Environmental/highway impact

☐ Car parking (use)

6. Other (please specify)

This whole development has been blighted by failures of the applicant to abide by decisions of the Council causing great distress to local residents and having a severe environmental impact on the site. This site is in the Malmesbury Conservation Area and this retrospective application is just the latest failure of the applicant to confirm with the requirements of the original planning application. The granting of such an application makes a farce of the planning process. Consequently it needs to be debated and decided by Committee should the case officer be minded to approve.
