Dear Officers,

RE: Listed Building Consent for 'Repair and refurbishment works to Guard and Firehouse' at Building 66 (Guard and Firehouse), Buckley Barracks, SN14 6BT.

On behalf of our client, the Defence Infrastructure Organisation (DIO), please find enclosed the listed building consent application in respect of the repair and refurbishment works to Building 66 of Buckley Barracks (Grade II listed).

As the repairs constitute like for like repair works to the existing listed building or alteration of modern fabric that will not impact heritage significance, these are considered to be within permitted development rights Schedule 2 Part 19 Class B of the GPDO and do not require any Full Planning Permission. However, due to the extent of the proposed repairs, we believe this does require Listed Building Consent.

The documents submitted demonstrate that the proposals have been carefully considered to ensure they are in full accordance with the Local Development Plan.

As part of the application, we enclose the following:

- Application Form;
