Good morning

I hope you are well. Thank you for your email.

The application was received on 11/06 and was subsequently validated on 18/06. A site notice was issued to the applicant by second-class post on the same date (18/06) for the erection.

Today is the 25th, which marks five working days since validation, so I'm sure they will receive it shortly. The applicant will confirm once the site notice has been erected, and this will also be checked during a site visit. I will chase this up as is standard.

It may be that your constituent has raised their concerns slightly before this process is completed, given the site history, but I trust this clarifies the current position.

If there is anything else you need, please do not hesitate to contact me.

Hi Samantha,

Apologies for the further request.

It has come to our attention that the 'Statutory Planning Notice' advising the public of the intention has not been placed outside or near the site.

Please can we request a further extension to allow for the full consultation period.

Many thanks
