

**Photosheet: Agricultural Barn at
Maunditts Park Farm, Little Somer-
ford, Chippenham, SN15 5BH**

Photos 1 and 2: Taken in February 2025, the photos show the front elevation of the application building and associated yard. The C20 agricultural building is a portal frame structure. The land to the front (current yard with fenced cows) will form part of the curtilage for the proposed dwelling. Refer to Structural Report for more information on the building's structural condition.

**Photosheet: Agricultural Barn at
Maunditts Park Farm, Little Somer-
ford, Chippenham, SN15 5BH**

Photos 3 and 4: Photos showing the rear (top) and south western (bottom) elevation. The rear of the building abuts a small stable. The proposals seek to use the land in the foreground of the south western elevation as curtilage for the proposed dwelling.
