Drawing
Proposed Elevations
Drawing No.
TDB-213-HH09
Scale
@ A3
Date
July 26

The proposed extension has been designed as a simple, contemporary addition that remains visually subservient to the original dwelling through its lower height, restrained architectural form and carefully considered proportions. Whilst adopting a contemporary architectural language, the extension respects the scale, character and appearance of the host dwelling. The use of contrasting materials provides a clear distinction between the original building and the new addition, ensuring the existing dwelling remains the dominant architectural feature.
