5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☐ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

7. Identification of Tree(s) And Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

SYCAMORE TO BE POLLARDED TO APPROX 20FT

7. Identification of Tree(s) And Description of Works continued ...

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☐ Yes ☐ No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.
2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☐ No
If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☐ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc. in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

9. Authority Employee / Member

With respect to the Authority, I am:

- (a) a member of staff (c) related to a member of staff
(b) an elected member (d) related to an elected member

Do any of these statements apply to you?

☐ Yes

☒ No

If Yes, please provide details of the name, relationship and role

10. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

Sketch Plan

- Asketch plan showing the location of all trees (see Question 8) ☐

For all trees

(see Question 7)

- Clear identification of the trees concerned ☐
- A full and clear specification of the works to be carried out ☐

For works to trees protected by a TPO

(see Question 7)

Have you:

- stated reasons for the proposed works? ☐
- provided evidence in support of the stated reasons? in particular:
 - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert ☐
 - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist. ☐
 - in respect of other structural damage - written technical evidence ☐
- included all other information listed in Question 8? ☐

11. Declaration - Trees

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

TREE WORKS PROPOSAL

Site Address:

Proposed Works:

Heavy pollard of Sycamore tree subject to Tree Preservation Order (TPO)

Proposed Tree Works – Sycamore

The proposed works relate to a mature Sycamore tree subject to a Tree Preservation Order (TPO), located on a raised section of ground directly adjacent to and overhanging a Grade I listed building.

The tree produces a significant quantity of seed, with seedlings becoming established within the masonry and wall fabric of the listed building. The establishment and subsequent growth of these seedlings has the potential to cause further damage and deterioration to the historic fabric through root growth and associated displacement of masonry.

It is therefore proposed to undertake a **heavy pollard of the Sycamore**, reducing the tree to a defined pollard framework at approximately **20 feet in height**. The works are considered necessary to significantly reduce the tree's crown and future seed production, whilst retaining the tree as a living feature of the site.

The pollard will be undertaken in a controlled and sympathetic manner, with pruning cuts made appropriately to establish a balanced and sustainable pollard framework. Care will be taken to avoid unnecessary damage to the retained limbs and to ensure the resulting tree form is appropriate to its prominent setting alongside the Grade I listed building.

The proposed works are intended to provide a long-term management solution which allows the Sycamore to be retained whilst reducing the potential for further seedling establishment within the historic masonry and helping to safeguard the fabric of the listed building.

All works will be undertaken by **Jake Harring Tree Surgery** with appropriate consideration given to the protected status of the tree and the sensitive historic setting of the site.

Also the tree has become very big and is very close to the house 7c, blocks out light.
And as Sycamores are very vigorous I thought this to be appropriate action.
