UOS: Each

Bring timeless classic and security to your outdoor space with this black painted PIR sensor exterior wall light. Inspired by traditional lantern-style fittings, its elegantly curved arm and wide brimmed shade give it a timeless silhouette, while the integrated PIR sensor offers automatic illumination when motion is detected. The clear glass dome protects the bulb and ensures a bright, welcoming glow – ideal for porches, garden paths, or entranceways. A practical yet stylish choice for all exteriors.

Matt black painted finished metalwork

Clear glass shade
