DIMENSIONED SITE LAYOUT - PROPOSED / AS CONSTRUCTED

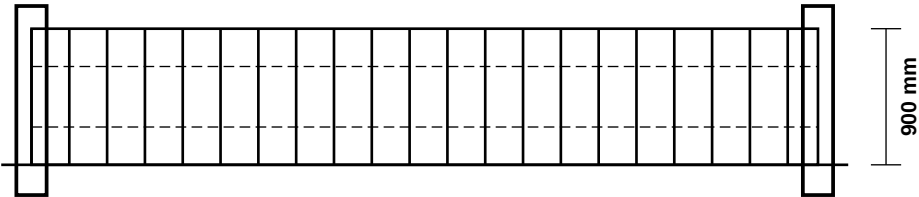

Scale 1:100 @ A4 when printed at 100% / actual size

Scale 1:100 @ A4

PRINT AT 100% / ACTUAL SIZE

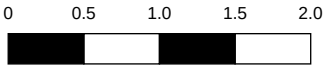

REPRESENTATIVE FENCE ELEVATION - SCALE 1:50

MATERIALS / CONSTRUCTION

- 900 mm high treated feather-edge board fence.
- 75 x 50 mm treated horizontal timbers / rails.
- 100 x 100 mm treated timber fence posts.
- Posts concreted into ground with ballast and cement.
- Transverse fence is set back within the property.
- Side fencing is new / replacement fencing.

TRANSVERSE FENCE AND PEDESTRIAN PATH OPENING - DIAGRAMMATIC / NTS

SCALE BAR - METRES

Opening corresponds with the central path/stone steps shown on the site layout.
Opening width and post spacing are not dimensioned in the source evidence and are not stated here.

PHOTOGRAPHIC RECORD - BEFORE, DURING AND AS CONSTRUCTED

90 Stratford Road, Salisbury, SP1 3JS

BEFORE - front garden prior to the works, showing lawn/soft landscaping and the existing concrete pedestrian path.

DURING WORKS - geotextile membrane, hardstanding formation, timber retaining work, fence posts and central steps/path.

AS CONSTRUCTED - central stone steps/path and the pedestrian opening through the transverse timber fence.

AS CONSTRUCTED - wide view from the hardstanding showing the transverse fencing, pedestrian opening and retained magnolia.

AS CONSTRUCTED - hardstanding/parking area and 900 mm timber fencing.

AS CONSTRUCTED - additional view of the permeable Cotswold buff stone hardstanding and timber fencing.

13. Plan of the proposed access and hardstanding (Note 13)

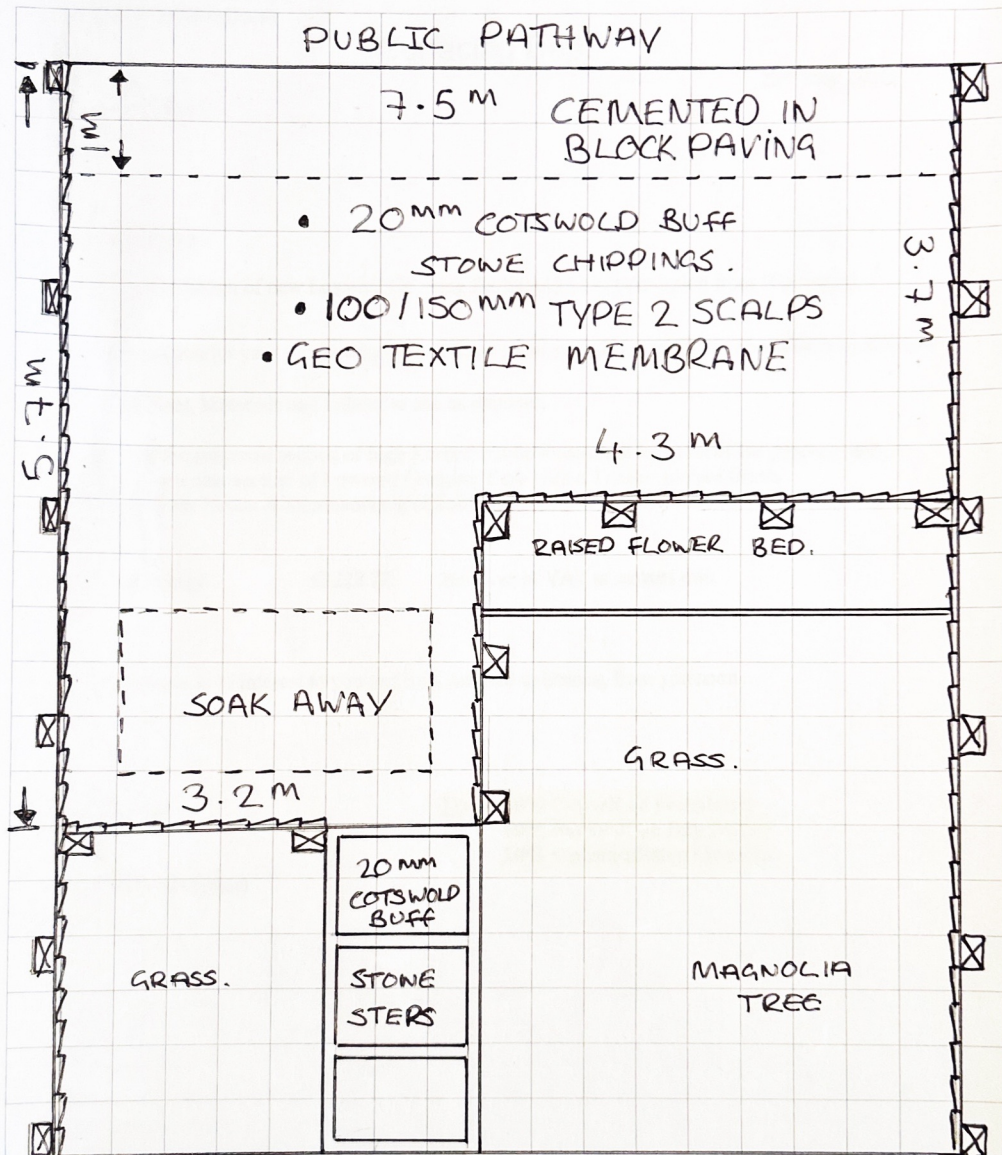

Office use Only

Please make sure your plan includes all of the following information;

- access opening
- dropped kerbs
- hardstanding
- retaining walls
- lighting, utility poles, bridges, signs
- position of hardstanding drainage / soakaway
- drains and utility covers on the ground
- type of materials to be used

Compliant?

We will also require measurements of the proposed works.
