Dear Sir/Madam,

Please find enclosed Application for tree works. I have completed this as an agent, as the Owners of the property would have struggled to complete the form, I am their son-in-law.

I would be grateful if all correspondence come to me if at all possible, to avoid any confusion for my in-laws.

Yours sincerely

5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☐ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

7. Identification of Tree(s) And Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

A YOUNG BEECH TREE (T1 ON SKETCH) OF APPROX 8-9m
HEIGHT & 15 CM DIAMETER AT BASE HAS DIED. IT
HAS THE POTENTIAL TO FALL AND DAMAGE THE FENCE,
WHICH IS THE BOUNDARY BETWEEN THE HOUSE & THE FIELD

7. Identification of Tree(s) And Description of Works continued ...

IF T1 FELL TOWARDS THE HOUSE IT COULD DAMAGE THE AWNING ON THE REAR OF THE HOUSE, OR THE SHED TO THE SIDE OF THE HOUSE.

WE ARE PROPOSING TO FELL THE TREE.

WE WOULD NOT REPLACE THE TREE, AS THERE ARE A NUMBER OF TREES IN THE HEDGE THAT WOULD GROW INTO THE SPACE.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☐ No

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.
