

Highway Development Management Consultation Response

Planning Application Ref: PL/2026/04732

Site Address: 18 White Poplars, Malmesbury, SN16 0FU.

Proposal: Rear extension and extension to parking area.

Date of Consultation Response: 03/09/2026

I refer to the above planning application dated 11/08/2026 seeking permission for a rear extension and extension to parking area.

The site is located with access onto White Poplars, a private estate road which connects to Storey Mews, an unclassified section of public highway subject to a speed limit of 30mph.

There are no proposals to alter the access with the public highway, nor to increase the existing bedroom quantum within the property. The additional area for parking is located adjacent to the existing parking and would provide a further space within the curtilage. Any dropped kerb extension would be required to obtain 3rd party permission on the private drive to facilitate.

The proposals would not alter the trip attraction or be considered of detriment to the surrounding highway network. It is therefore recommended that no highway objection be raised in relation to the proposals.
