

Address: 25 Anderson Road, Salisbury

Property Owner: Dr Pollyanna Magne

Proposal to widen existing drive at existing gradient

Photo 1. Current driveway, Sept 2026

Photo 2. Proposed driveway. Please note the surface will be a porous resin – colour ‘sunlight’ to match pebble-dash colour of house. The manhole cover will be in situ, approved standard with resin cover.

Photo 3. Current driveway demonstrating the gradient of the drive and how this differs to that of the neighbour's drive. It also shows the current block white retaining wall which will be replaced to make space for parking. The new retaining wall will be red brick in keeping with the street character.

Photo 4. This demonstrates current parking arrangements on the grass verge abutting the street lamp. The proposal will make space for one vehicle to park on the driveway whilst maintaining a front garden (see photo 2)

Photo 5. Demonstrates prevalence of street parking due to driveway issues
