

Highway Development Management Consultation Response

Planning Application Ref: PL/2026/05069

Site Address: 11 Doubledays, Cricklade, Swindon, SN6 6AU.

Proposal: Single storey side and rear extensions, demolish existing garage.

Date of Consultation Response: 24/09/2026

I refer to the above planning application dated 02/09/2026 seeking permission for single storey side and rear extensions, and demolition of the existing garage.

The site is located with existing access onto Doubledays, an unclassified section of public highway subject to a speed limit of 30mph. There are no proposals to alter the existing access with the public highway.

The proposals seek to demolish the existing garage and extend the property to provide a larger area of living accommodation. The bedroom quantum would remain unaltered.

The removal of the garage space would be considered a loss of parking, however it would appear that there is sufficient room within the driveway for at least 2 vehicles to park, which would be the minimum requirement for residential parking as per Wiltshire Council Parking Standards.

The proposals would not raise the trip generation for the site or require any additional parking, it is therefore considered that no highway objection be raised.
