Features:

- 480 Wp rated power – high performance through the latest N-type ABC technology
- Glass-glass construction – more durable, robust and fire-resistant (IEC Fire Class A)
- Full Black design – completely black appearance with no visible contacts for a premium aesthetic
- Partial shading optimisation – minimises energy losses caused by shading of individual cells
- Improved temperature coefficient – reduced power loss at high temperatures
- High mechanical load resistance – certified up to 5,400 Pa (snow load) / 2,400 Pa (wind load)
- Hail test passed – tested with 35 mm hailstones at 23 m/s

Technical Data

Panel type / Cell technology:	Glass-glass solar panel / Monocrystalline N-type ABC
Rated power (STC):	480 Wp
Panel efficiency:	up to 24%
Glass front / rear:	Double glass, 2.0 + 2.0 mm coated, semi-tempered glass
Connector / Cable:	Original MC4 / 4 mm ² ±1200 mm
Hail test:	35 mm diameter at 23 m/s
Fire classification:	IEC Class A
Dimensions:	1762 x 1134 x 30 mm
Warranty:	25-year product warranty and 30-year linear performance warranty

For further technical details, please refer to the datasheet.
